PRESS RELEASE

Islamabad (April 12, 2010): Senator Prof. Khurshid Ahmad, Naib Amir Jamaat-e-Islami Pakistan has expressed his deep shock and grief on the loss of life in Hazra Division due to Police firing. The issue, Prof. Khurshid said, is political and should be resolved politically through dialoge, understanding and mutual accomodation. Use of force is highly condemable.

“The NWFP Government must act with sanity and maturity and the people who are expressing their opposition on the issue of the proposed name should also sustain their movement through peaceful means. Democratic process must not be allowed to be disrupted by any quarter, public or Government”, he emphasised.

Prof. Khurshid Ahmad also appealed to the Federal Government to take immediate notice of this issue and must not remain spectator to a very serious and alarming situation.
